## Foreign-Trade Zones Board

[Docket 29-95]

### Foreign-Trade Zone 40—Cleveland, OH, Application for Subzone, Ben Venue Laboratories (Pharmaceutical Products) Bedford, OH

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Cleveland-Cuyahoga County Port Authority, grantee of FTZ 40, requesting special-purpose subzone status for the pharmaceutical manufacturing facility of Ben Venue Laboratories, Inc. (BVL), in Bedford, Ohio. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on May 31, 1995.

BVL is a privately-owned company whose primary business is the contract manufacture of sterile, injectable pharmaceutical products for major U.S. and foreign pharmaceutical companies. BVL also develops and manufactures products for many small, primarily biotechnology-based firms, and manufactures its own line of generic oncology products and injectable pharmaceuticals.

BVL's plant (7 bldgs. totalling 200,000 sq. ft. on 10 acres) is located at 300 Northfield Road, Bedford, Ohio, some 17 miles south of Cleveland. The facility is primarily used to produce sterile, injectable pharmaceutical products, such as antibiotics, antivirals, biologicals, cardiovasculars, diagnostics and oncologics. Bulk active ingredients for certain oncologic products are sourced abroad. The company may also purchase from abroad other bulk, active ingredients and materials in the following general categories: hydrocarbons and derivatives, alcohols and derivatives, phenols, ethers, acetals, aldehydes and derivatives, ketones, quinones, mono- and polycarboxylic acids and derivatives, amine-function compounds, oxygen function compounds, ammonium salts, carboxyimide-function compounds, nitrile-function compounds, hydrazine/hydroxylamine derivatives, nitrogen function compounds, organo-sulfur compounds, heterocyclic compounds, sulfonamides, vitamins, hormones, glycosides, vegetable alkaloids, sugars, antibiotics, and other organic compounds. Some 10 percent of production is exported.

Zone procedures would exempt BVL from Customs duty payments on foreign materials used in production for export. On domestic shipments, the company or its customers (in the case of sales to

plants operating under zone procedures) would be able to choose the duty rates that apply to the finished products (duty-free). The duty rates on foreign-sourced items range from duty-free to 18.6 percent. At the outset, zone savings would primarily involve choosing the finished product duty rate (duty-free) for a customer's product (HTSUS 3004.90.9015), instead of the rate (6.8%) otherwise applicable to the foreign active ingredient (HTSUS 2934.90.3000). The application indicates that the savings from zone procedures will help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is August 14, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to August 28, 1995).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

## International Trade Administration

### Antifriction Bearings (Other Than Tapered Roller Bearings) and Parts Thereof From Germany and Italy; Amended Final Results of Antidumping Duty Administrative Reviews

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of amended final results of antidumping duty administrative reviews.

**SUMMARY:** On February 28, 1995, the Department of Commerce (the Department) published the final results of its administrative reviews of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof (AFBs) from Germany and Italy (60 FR 10900, 10959). On May 10, 1995, the Court of International Trade (CIT) ordered the Department to correct four ministerial errors in the final results with respect to AFBs from Germany sold by FAG and one ministerial error in the final results with respect to AFBs from Italy sold by FAG. Accordingly, we are amending our final results of administrative review of the antidumping duty orders on AFBs from Germany and Italy with respect to FAG. The reviews cover the period May 1, 1992, through April 30, 1993. The "classes or kinds" of merchandise covered by these reviews are ball bearings and parts thereof (BBs), cylindrical roller bearings and parts thereof (CRBs), and spherical plain bearings and parts thereof (SPBs).

**EFFECTIVE DATE:** June 13, 1995.

**FOR FURTHER INFORMATION CONTACT:** Kris Campbell or Michael Rill, Office of Antidumping Compliance, Import Administration, U.S. Department of

Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-4733.

#### SUPPLEMENTARY INFORMATION:

##### Background

On February 28, 1995, the Department published the final results of antidumping duty administrative review, partial termination, and revocation in part of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof from France, et al. (60 FR 10900), and from Italy (60 FR 10959). The review period is May 1, 1992, through April 30, 1993. The classes or kinds of merchandise covered by these reviews are BBs, CRBs, and SPBs. For a detailed description of the products covered under these classes or kinds of merchandise, including a compilation of all pertinent scope determinations, see the "Scope Appendix" of the final results referenced above.

One respondent, FAG, challenged the final results before the CIT, alleging ministerial errors in the final results for AFBs from Germany and Italy. On May 10, 1995, the CIT ordered the Department to correct the errors and publish the amended final results in the **Federal Register**.

#### Amended Final Results of Review

The CIT ordered the Department to make the following corrections to its analysis for FAG Germany: (1) Calculate the profit on home market sales to related parties, and, where the profit is not significantly less than the profit on sales to unrelated parties, use the profit for the class or kind as reported by FAG; (2) in the calculation of profit for constructed value, deduct certain home market expenses from the net unit price; (3) make an addition of other revenue to the unit price prior to applying the best information available (BIA) rate to unit price; and (4) with respect to both FAG Germany and FAG Italy, remove sales FAG made to one U.S. customer for whom rebates were correctly reported prior to applying the BIA rebate rate. We have corrected the ministerial errors in FAG's margin calculations for the amended final results of review for the period May 1, 1992, through April 30, 1993.

Based on the correction of the ministerial errors in our calculations for FAG, we have determined that the following percentage weighted-average margins exist for the period May 1, 1992, through April 30, 1993:

Manufacturer/exporter	Country	BBs	CRBs	SPBs
FAG .....	Germany .....	11.85	16.25	18.98
FAG .....	Italy .....	2.70	(*)	.....

\* No U.S. sales during the review period.

Based on these results, the Department will instruct the Customs Service to collect cash deposits of estimated antidumping duties on all appropriate entries in accordance with the procedures discussed in the final results of these reviews. These deposit requirements are effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice and shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping occurred and the subsequent assessment of double antidumping duties.

This amendment of final results of review and notice are in accordance with section 751(f) of the Tariff Act (19 U.S.C. 1673(d)) and 19 CFR 353.28(c).

Dated: June 6, 1995.
